Hot Topics

Deeds: Talk to your own attorney before removing yourself from the deed to your home or adding another person to the deed. These are important decisions that should not be made lightly.

Power of Attorney for Finances: Think carefully before signing a Power of Attorney for Finances. These give a lot of power to another person, such as accessing your bank account and transferring your property. Get individual legal advice before signing one because it might not be in your best interest and there are alternatives.

Elder Abuse: Elder abuse can take many forms — physical, financial, emotional. Get confidential advice from a lawyer and report it to Adult Protective Services — (800) 675-TIES.

Notices from Government Agencies: You have the right to appeal most decisions from government agencies about your benefits. Act quickly so you don't miss the deadline! The notice should tell you how long you have to appeal.

Caregivers: Before hiring a caregiver, be sure to check references! If you use an agency, consider one that does thorough background checks. Be sure that anyone who works in your home is someone you can trust.
